

COUNTY CULLINGS.

(Continued from First Page.)

MR. PLEASANT.

Mr. PLEASANT, March 28.—On last Friday night, Rev. Dr. M. D. Dewitt, pastor of the First C. P. Church, in the city of Nashville, lectured to an appreciative audience in the Chapel of Howard Institute. He could not have chosen a more appropriate and edifying subject than that of "Reading and Literature." He spoke in a clear and decisive style and handled his theme with scholarly care. He is a man of exceptionally high literary and moral attainments and it does us good to have such men with us.

Little Joie Stockard, whom we reported critically ill, in our last, died last Sabbath night. For over two weeks her little body was racked with unspeakable agony, but she has been called to "mother's" arms, in a fairer clime.

Last Friday, a committee, appointed by the M. E. Conference, with Rev. Wm. Wallace Graves, of Culleoka, as Chairman, visited our school, remaining most of the day. Rev. J. F. Tinnon, of Columbia, Rev. W. B. Patty, of Lawrenceburg, Rev. W. W. Graves, of Culleoka, and Rev. W. B. Lowry, Presiding Elder of Savannah district, and our pastor, Rev. H. B. Doss, constitute the committee. In the afternoon they addressed our pupils upon the "Importance of Education" and expressed themselves as being highly pleased with the progress and success of the school, which is under the fostering care of the Tennessee Conference.

Misses Floy Jones and Ludie Robinson are still visiting here.

Misses Mattie Jackson and Donna Frierson made a flying trip to Nashville this week—strictly a shopping tour.

Miss Flora Kuhn, of your city, is the guest of Miss Jennie Irvine, at the hotel.

Miss Alice Bond is spending several days with her sister, Mrs. J. M. Allford, in Lawrenceburg.

Mrs. W. B. Patty and Mrs. Dave Rose returned to their homes in Lawrenceburg last Tuesday evening, after spending a few days here.

Mrs. E. H. Huter is the guest of Mrs. Webb Ridley, Jr.

Miss Oeta Beckett, of Bigbyville, is with her sister, Mrs. Joe Howard.

Miss Maud Church returned to her home in Columbia last Monday, after a pleasant visit to her friend, Miss Alice Bond.

Miss Lillian Williams is confined to her rooms this week with a severe sore throat.

CULLEOKA.

CULLEOKA, March 27.—After a week's illness, Mrs. E. E. Holt died in Nashville last week, at the residence of her daughter, Mrs. R. G. Rotrock, and was brought to Culleoka and laid to rest, near the side of many loved ones, in the old Holt Cemetery between here and Mooresville. Only two children survive her—Mrs. Bettie Wilkes, of this place, and Mrs. Rotrock, of Nashville. Mrs. Holt was in her sixty-sixth (76th) year, and had long been a widow. She was a noble woman and a true Christian, having, from her youth, been an honored and useful member of the Cumberland Church. That is a record worth making—a long and beautiful life in the service of God. Her peace was like the flow of a river, and her righteousness as the waves of the sea. In triumph she went to her rest in Heaven. Without the pain of any special disease, the weary wheels of life stood still, and her pure spirit ascended to God. She lives with the angels in mansions of glory. "Well done, good and faithful servant."

Mrs. Jim Tidwell, who has been very low with consumption for several months, is sinking rapidly, and the end seems not far distant. She may be at rest ere this is seen in print.

With the coming of March, a heavy shower of grief fell upon the Culleokas, though it has not wrought havoc in our ranks. Many are still suffering from it. Mrs. Billy Henderson has recovered from her attack, but it is feared she will lose the sight of one of her eyes.

Mr. Martin Brown (who with his wife and children—now having died from it—have been helpless from meningitis for two months) will be carried to the poor house this week. The neighbors have had the care and expense of the family during the entire two months. Mrs. Brown's brother proposes to, and will, take care of her and the two children, but the husband and father, goes upon the charity of the county.

The Methodists will celebrate Easter on next Sabbath. Rev. W. W. Graves will deliver an Easter sermon in the forenoon, and in the afternoon, to all young people will "hold forth." Quite an interesting program will be rendered.

Mr. W. R. Covey lost his residence and household furniture by fire on last Wednesday. The roof caught from a defective chimney. There was an insurance of \$700 on the house and furniture, which fully covers the loss. Mr. Covey is undecided whether to rebuild on the old site (which is two miles out), or to buy a residence in our village.

Mr. W. K. Stephens is, once more, our postmaster. He will take charge April 1st. It will seem like old times to him, as he has been postmaster for fifteen years.

Dr. Jim Covey left us, last week, to ride astride saddle bags and to administer to the wants of the sick people of Hurricane. We commend him to their tender mercies, and wish him great success as a "doctor" of physic and pills.

Dr. Will Moore left us, at the same time, for Brison, Giles County, to practice his profession. Our best wishes go with him.

Mrs. W. L. Wilkes has returned from a visit to relatives near Franklin. Mrs. Joe Tomlinson and daughter, Miss Lottie, spent Saturday and Sunday in Lewisburg with Mrs. King and Mrs. Abernathy. Mrs. Tomlinson leaves on next Friday for Franklin. She goes up to be in attendance at a recital and Easter "do" of some kind, at the Franklin Female College, in which her daughter, Miss Brownie, takes a prominent part.

The friends of Miss Katie Henderson are justly proud of the record she is making at the Female College at Franklin. Each pupil who graduates as high as ninety, did not have to stand an examination this quarter. Miss Katie's name was on that roll, and she also received the highest grade in music. She captured the scholarship medal, at the close of the Culleoka Institute, last year, and now she stands at the front at Franklin.

Miss Fay Eubanks, of Taylor, Texas, who is spending some time at Mr. Clabe Taylor's, is now in Columbia with the family of her uncle George Taylor.

Mrs. Doc Andrews, and little son, of Franklin, visited her parents, Rev. W. H. Wilkes and wife, last week.

Mrs. Henry Davis, of Clarksville, is visiting her numerous Culleoka friends, this week. She was formerly a resident of our town.

Mrs. Melvin Akia and children, of

Boar Creek, are at Mrs. Akia's father's, Mr. John Rollins, at .

Mr. Whitten, Duncan, a popular "traveler" for the Phillips-Butcher Company, of Nashville, was here the first of this week, guest of Miss Clabe Taylor. Mr. Duncan is handsome and fascinating, and a great favorite with the Culleoka girls.

The Orr Brothers shipped a car of cattle and sheep this week. "Most all the hogs and cattle have been shipped from this neighborhood, and corn is going down in price, as not much stock is left to be fed upon it, while the price of meat is running higher. Cholera is decimating the hog crop along the Mooresville pike East of Culleoka.

Our farmers are going right ahead with their crops. Many have finished planting corn, and are now preparing their cotton ground. Oats look fine, and wheat moderately well. The fruit trees are in bloom, and the old people are expressing fears of it—the fruit—being killed to night, if the weather remains clear. Gardens are being planted; little chickens are chirping around, and the old hens are spreading themselves to have them ready for the summer fray—when our school boys and girls come trooping home for the vacation.

It is rumored that before many years wing their flight, the Webb School will be moved from Bell Buckle to Cornersville. Mr. Webb preferring to have his boys (two hundred in number) away from the seductive saloon, and of the railroad. We will be glad to see this excellent school nearer us. Culleoka now sees her mistake in ever allowing it to be removed from here.

Woman's Work is on my table. It is not a pair of darned old socks, nor patched breeches; they are on my husband's feet and elsewhere about his person. The Woman's Work I refer to as being on my table, is a "Journal of Domestic Economy," a handsome paper edited by Mrs. Ella R. Tennent, and published in Athens Ga., monthly, for fifty cents a year, sixteen pages, all full of good, fresh, real thing matter about the home and fireside. I like "Woman's Work." VERA VILLIERS.

We are making a run on \$1.20 orders this season. Give us a trial. Every p-r guaranteed. jan20-ly. A. P. MORGAN.

That Poisoned Milk.

We are informed by Mr. W. J. Armstrong that the statement published in last week's HERALD, to the effect that it had been found that the butter-milk sold by him, and which made some people sick, contained Paris green, was incorrect. A reporter of the HERALD was informed that an analysis had been made of the milk and Paris green found. This seems to have been a mistake. No analysis was then made. Moreover, a quite a number of people drank the milk without any unpleasant consequences, it does not seem possible that it could have contained any poison so matter. At the request of Mr. Armstrong, whose business we should be sorry to injure in any way, we publish below the certificate of a number of well known ladies who bought and used some of the same milk, to-wit:

This is to certify that we the undersigned got and used milk from Mr. W. J. Armstrong on the 20th day of March, the date the milk was said to contain poison and felt no bad effects from it whatever.

MRS. W. E. BOSTICK.
MRS. J. T. STAGGS.
MRS. A. A. DAVIS.
MRS. M. H. BUNCH.

And also the following:

"I analyzed the milk given me by Mr. Will Dowell, and supposed to contain Paris green or rough on rats, and found it to contain not a trace of either." GEO. S. ALCOCK.

"For a long time I suffered with stomach and liver troubles, and could find no relief until I began to use Ayer's Pills. I took them regularly for a few months, and my health was completely restored."—D. W. Baine, New Berne, N. C.

Col. Isaac Saffrans was in Washington, D. C., this week. He was sent by the Governor in accordance with a resolution of the General Assembly, to collect and receipt for the balance due the State on account of refunding the direct tax, which is about \$41,000.

Another monument to Columbia's former greatness is fast disappearing. The street cars are gone and the tracks are fast going.

A good way to prevent sickness is to give your premises a thorough good cleaning in the spring time.

Columbia would look more of a city if the laws were enforced against emptying all kinds of trash on the streets. By-the-way, while the charter question is being agitated, it would be a good idea to abolish all laws that are not meant to be enforced, and then enforce all laws that are not abolished.

Winter lingers but Spring is crowding the old man out, as the trees and grass begin to show.

WEDDING BELLS.

Announcement is made, that on next Wednesday April the 5th, Mr. Eugene Anderson and Miss Lelia Barr will be united in marriage. The ceremony will take place in the First Presbyterian Church at half past four in the afternoon, and will be performed by the pastor Rev. F. B. Webb. The bridal pair will leave on the 6 o'clock train for Kentucky, where they will spend the honeymoon. Both bride and groom are well and favorably known in Columbia society, and their host of friends will join in wishing them bon voyage both for the bridal tour and for all time.

Died Among Strangers.

An old man, apparently an octogenarian, calling himself John Bull, died at James Dooley's residence, near James Sheppard's store, yesterday morning. He suffered from asthma, and died sitting up in a chair. He came here from Chattanooga, and was selling a patent stirrup spring.

HIGH SCHOOL NOTES.

We are very busy now with our examination, which commences Tuesday morning. We take more interest in this examination because we are looking forward to the holiday of good Friday.

We extend our sincere thanks to the Board of Education for their kindness in giving us holiday.

An error was made in Kate Bostick's scholarship last week. It should have been 97.87 and it was printed 94.87. We are sorry the mistake was made and hope it will not occur again.

Hall No. 2 presents a very nice appearance now, as they have had their desks newly varnished. The children deserve a great deal of credit as they furnished the money themselves.

Miss Ida Addison has returned to school again, after a long absence. We are glad to have her with us again.

Miss Louise Hays, of hall No. 1, is in school again.

Friday afternoon, April 7, 1893, hall No. 2 will spell against hall No. 3. We wish them great success.

The second grade has been complimented by their teacher on their progress in Arithmetic.

The champion spellers of the first grade are Myrtle Speed and Lee Huggins, and of the second grade, Dake Blide, William Hine and Simm's Payne.

Sidney Cameron, Addie Sims Bennett and Roxie Myers entered school again this week, to the delight of their school-mates.

Hall No. 2 has a new silver medal which is to be worn by the winner in the spelling matches.

Miss Henderson and Miss Angie Bennett left school Friday afternoon, at 2 o'clock, to attend the funeral of Mrs. Quinzie Richardson.

Alice Stewart is in school again, after a few days absence.

Hall No. 3 were invited into Hall No. 2 Friday afternoon and they enjoyed themselves very much.

Ellen Mitchell received the highest number of extras for March, which was 38.

John Brazier, of hall No. 2, is with us again, after a spell of pneumonia.

They say that pink and drab are beautiful colors and Walter Addison has splendid taste.

There were several good compositions handed in from Miss Ellen Friel's room last week. Among the best were those that were written by Viola Jones, Knox Fleming and Clara Colquitt. We would have sent them in for publication but we were afraid they would take up too much space.

Miss Sal Cunningham came in to our room to get a quarter changed, Wednesday morning, but our millionaires seldom bring their money to school. Ernest Scribner can change any amount into ginger cake and apples, but Miss Sallie wanted nickels and dimes for her quarter.

Jessie Wilson is having a fight with some hard time examples, but Jessie is pretty hard to beat, and we believe he will finally get the best of old father Time or any other knotty mathematician. NELLE GOAD, 8th Grade Editor.

Rose Hill Cemetery.

EDITOR HERALD:—I see in your most valuable, newsy paper, a piece complimenting this place and the manner in which it has been kept. I want to thank the writer for the compliment, and I wish to say that I have been Sexton of Rose Hill for the past six years and have tried every way to make improvements over the previous years and expect to continue to improve while I stay. We are trying to save up enough money to repair the house and to build a new picket fence all around the place; we have very near enough now and hope it will be completed this summer. As for the Confederate grounds, I want to say to the old "Johnnie Rebs," that they will always find them in good condition and well-kept. I have been keeping and caring for the grounds for two years, at my own expense, and expect to continue to take care of it as long as I stay here, and will always be glad to see any of the old "Rebs" if any of them should honor me with a visit.
